

**ERRATUM:** Due to an error in production, the two figures below were incorrectly represented in the article *Sulfur Free Radical Reactivity with Curcumin as Reference for Evaluating Antioxidant Properties of Medicinal Zingiberales*, by Pukhrambam Chirangini, Gurumayum J. Sharma, & Swapan K. Sinha. Please see the correct figures depicted below.

FIGURE 1. (c) Curcumin depletion caused by sulfur free radical attack in methanol extracts of rhizomes.

FIGURE 2. (c) Protective indices (PIs) of crude rhizome extracts against sulfur free radical-mediated curcumin depletion.

**FIGURE 3.** Relative protective indices of crude rhizome extracts against sulfur free radical-mediated curcumin depletion at 75 Gy.
